

Vice-President's Report

CABO/CBOC Meetings

Neil Donnelly and I attended the CABO Annual General Meeting in Halifax in September. Updates as per the Presidents report.

Executive Planning Session

Brad Smith and I are leading a committee to help promote the benefits of SABO and CABO in rural locations. The purpose of this committee is to establish a communications link between SABO & CABO and the rural locations. It is also to provide an inventory of benefits that SABO can offer. Early planning has begun and we are currently looking for representatives from rural locations to join our committee. If you are interested in joining us, please contact me directly.

SABO Superclinic

Our next Superclinic is scheduled for 2017. The executive will begin planning for this event shortly. The clinic will most likely be hosted in Saskatoon. As part of my role, I will be helping to lead the organization of this event. Should you have any suggestions for sessions or content, please let me know.

Conclusion

I would like to thank the membership for all their hardwork and dedication to the sport of basketball. As officials, we are often in a thankless job. As such, let me take the opportunity to thank all of you directly. Have a great summer.

Respectfully submitted,

Mitch Strom
SABO Vice-President
